

Temporary Powdered Infant Formula Options

As of May 23, 2022, WIC has temporarily added more container sizes and types of powdered formula to help you find formula for your baby during widespread shortages. More formula container sizes and types may be available than what is listed here. Please check with your local WIC office, the California WIC app, or online at MyFamily.WIC.ca.gov for the latest updates.

WIC families can temporarily mix and match any of the above formula up to their full benefits. You can buy more than one kind of formula. These new choices are larger containers than you normally get. Larger containers will use more of your benefits because they make more formula. Please call WIC to make sure your benefits are for the mix and match option.

If your family receives Enfamil A.R. or Enfamil ProSobee, the following formulas are available:

Enfamil A.R. Types & Sizes

Enfamil A.R. Powder 12.9 oz

Tips Before You Shop:

- Ask your WIC office how these options work for you.
- Scan the product with your California WIC App to confirm it is the correct item before checking out at the register.
- Shop at WIC approved grocery stores. If you have a problem at the register with the new WIC formula options, talk to a manager before paying.
- **WIC is not able to repay you for formula you choose to buy with another payment.**
